CAVALRY TROOP TO BE MUSTERED IN FEBRUARY 28

Enlisted Men and Others for
Waiting List Wanted
Here That Day.

Lawrence county's cavalry troop will be mustered in Saturday, Feb. 28, at Louisa.

This notice has just been received from headquarters by Captain D. L. Thompson, County Attorney. He has the double honor of organizing the first unit of the new Kentucky National Guard, and of commanding the first troop of cavalry in the guard.

All who have given their names for enlistment are hereby notified to be present on that day. Also, all other men willing to enlist are requested to present themselves, as it is desired to have a waiting list, even if the troop be filled.

Please be on hand as early in the day as possible in order to enable the officers to get through with the work that day.

4 Deaths at Buchanan As Result of Influenza

Lindey Layne, well respected citizen and a Civil war veteran passed away at his home in Buchanan Sunday night. Notwithstanding the fact that he had passed his 80th milestone, he was strong and vigorous until about a year ago when attacked with influenza. Since that time he has been in poor health, but able to go around until a few days ago when he fell a victim to the same disease. He has been a member of the M. E. Church South for a number of years and was active in church and Sunday school work. About 60 years ago he was married to Frances Hatten, who survives him. The children are Mrs. J. C. Buckley, of Parkersburg, W. Va.; Mrs. Elbert Steadman, of Pennsylvania; Tom and V. C. Layne, of Ashland; Mrs. R. L. McFarland of Kananahigh, and Mrs. Keen Burnett. Interment was made in Buchanan cemetery on Wednesday morning.

Jack Cornwell, well known citizen, died here Saturday morning, age about 45 years and unmarried. He had been a sufferer from tuberculosis for a number of years and about a week ago was attacked by influenza.

Interment was made in the Newnan cemetery on Sunday.

The little seven-month old daughter of Mr. and Mrs. Green Carney died Monday morning from influenza.

Hazel, the twelve-year old daughter of Mr. and Mrs. Tom Sperry, died here Tuesday morning, having fallen a victim to influenza. She will be greatly missed among her schoolmates and in the home. She was a bright child and was advanced in her studies.

TWO DEATHS IN COUNTY.

A sister of Sam Rohrbach died near Torchlight a few days ago.

At Zelma Thos. Hicks passed away on Thursday. We did not learn the particulars in either case.

KENTUCKY'S OIL PRODUCTION MORE THAN DOUBLED

Hartsville, Ky., February 15.—Kentucky petroleum production for 1919 aggregated 9,139,317 barrels, according to records made public this week. This is over double the output for the preceding year, the 1918 yield totaling a little more than 4,000,000 barrels.

The Cumberland Pipe Line company handled the greater part of Kentucky's output last year, but 20 other carriers were engaged in marketing production, the Indiana Refining company being the next largest purchaser.

The Lee county district of Eastern Kentucky led all districts in output, the Allen county district of Western Kentucky coming second. Other principal producing fields included Wayne, Wolfe, Lawrence, Batell, Powell, Bath, Warren, and numerous scattered pools including Whitley, Knox, Warren and other Southern Kentucky counties.

In late field work numerous completions are reported, but no wells of unusual size have been recorded. Lee county results were lighter than usual, 13 new strikes being made, none exceeding 25 barrels. The Central Oil company, operating on the Booth lease, has another well of 25 barrels' capacity.

A new strike in advance of production, on Hill creek, drilled by the Hill Creek Oil company, made 15 barrels. In Wolfe county Watson and others have a 50-barrel producer on the Adams lease. Torment district's

In Southern Kentucky's districts Wayne county has contributed a number of good strikes, the Cooper and Penny pools, old producing areas, furnishing four new pumps of 10 barrels average capacity each. In Lincoln county the Versailles Oil company has a new well of 10 barrels' estimated capacity. In the Jumbo neighborhood. Work of extending a pipe line to production in that locality is proceeding at a good rate. The new line, constructed by the Cumberland Pipe Line company, will connect with a railroad leading

station at McKinney. Fifteen or more wells have been drilled in that section, all of small capacity but of sufficient aggregate production to make a pipe line profitable, it is believed.

More Wells Starting.

In the counties of Whitley, Knox, Clay and Owsley in late strikes have been made. The recent natural gas strike at Burning Springs, Clay county, with a yield of around 2,000,000 cubic feet, may be utilized for a casing head gasoline plant. At Goldburg, Whitley county, and around the old Williamsburg pool, same district, some new wells are starting, while southward toward the scene of last week's wildcat strike near Jellico, Tenn., numerous leases are being taken up.

In the western end of the state an important deal during the week was the purchase by the Kentucky Counties Oil company of a large number of developed holdings in Allen, Warren, Harlan, Simpson and Grayson counties, the purchase price being reported at \$500,000. The trade included 190 separate leases, on which some of the best wells in the western end of the state have been drilled.

January production totaled 545,000 barrels, a decline of 125,000 barrels from that of the preceding month. Bad weather was the main cause of decreased production.

PUBLIC UTILITIES BILL INTRODUCED

Delegations of citizens from Eastern Kentucky counties assembled in Frankfort Tuesday and succeeded in getting a bill introduced in both branches of the Legislature providing for a Public Service Commission for the State.

This is a law that almost every State now has, and the time has arrived in Kentucky when the interests of the masses demand it.

Under the bill's provisions a commission of three men is given the power to regulate street railways, telephone and telegraph lines, gasworks, gas lines and every other corporation serving the public except railroads, which the Railroad Commission looks after.

On the proposition to add these powers to the Railroad Commission it is the opinion of many attorneys that this can not be done, because it is a constitutional office with powers specified therein, and the Legislature can not change their duties.

Hon. R. C. McClure is in Frankfort making a fight for the passage of the bill.

The delegations on Tuesday had a conference with Gov. Morrow, who pledged his support to the measure.

The time is short in which to get this important measure through, but an active campaign, with the efforts of all counties combined, can put it over. The more people who go to Frankfort and work for it within the next week, the greater the chances to win.

The public is sorely in need of the protection this law would give.

LOCAL OIL NEWS

Bad weather and the difficulty of getting enough fuel for drilling companies is slowing up the oil operations in this county to some extent, but the work goes along fairly well in spite of this.

The Fisher Oil Company of Pittsburg has unloaded machinery with which to drill on the old Burgess farm above Gallup, now owned by Dr. T. D. Burgess of Louisa.

Mr. Maloney's well on the Lackey farm showed such small production that it is being abandoned. Another location on the same farm will be drilled. The first well reached very hard sand, which accounts for its failure to produce better.

No. 1 on the Conley & Burgess lease was cased Wednesday.

The Richmond Drilling Company has started No. 4 on L. N. Hutchinson's tract near Fallsburg.

No. 2 on the farm of M. L. Johns has been equipped for pumping and is making 10 barrels per day.

J. Bransky is at Blaine looking after the Knob Branch well. A showing of oil in the Berea was reported yesterday. Drilling will continue through this sand.

The well on the Point opposite Louisa requires additional casing, as water was found below the usual depth.

A location has been made by the Ohio Fuel on W. P. Dalton's place at Potter.

John Bahan has acquired a large acreage at Torchlight and will drill some wells this year.

Dr. V. V. Adkins has brought in another good well on the Rice lease, where his first well is located. This is about three miles above Blaine town.

FATAL DUEL IN PIKE COUNTY

Pikeville, Ky., Feb. 14.—A duel which resulted fatally for Garland Price, and probably fatally for Daniel Stone, took place at Lookout, Ky., to-day.

Stone was brought to a hospital here, one bullet having entered his abdomen. Daniel Stone and Price met on the railroad tracks at Lookout, and Price, police say, opened fire on Stone, who seized his assailant, and after calling in vain for help to disarm him, it is said, shot him through the head.

OIL WELL SUPPLY HOUSE OPENS AT LOUISA MARCH 1

Continental Will Meet One
of Big Sandy's Great-
east Needs.

The Continental Supply company of Youngstown, Ohio, will put in an oil well supply house at Louisa.

They have arranged for a considerable amount of floor space in Snyder's large concrete building just across the street from the C. & O. freight depot, a very convenient location for this business. Possession of the space in this building is to be given March 1.

The oil development in Lawrence county, and the Big Sandy Valley reached the stage some time ago when a supply house at Louisa was demanded by the business. The delay in establishing such a house here has been caused mostly by the fact that material and supplies for oil wells and for drilling purposes have been so scarce and so far short of the demand that enough stock for a new store could hardly be secured.

The nearest supply houses to this field now are at Winchester, Ky., and Charleston, W. Va.

The Continental is a big company, having more than 30 stores. The Louisa store will have a large line of patrons.

SENTENCE OF TWO YEARS FOR DELONG

In Circuit Court Wednesday Joe Delong was convicted of being a necessary in the case in which he and Frank and Arlie Bradley were charged with the murder of Roy May. Two years in the penitentiary was the sentence.

Arlie Bradley was acquitted in the same case, as was his father at the last term of court.

There are yet two felony cases that may be tried at this term. One is Harry Brooks, charged with forging a check on Sam Bromley. It fell into the hands of Sheriff Taylor in the course of business. The other is John Robinson for deserting his infant children.

58 Indictments.

The grand jury adjourned Tuesday, returning a total of 58 indictments. Sickness has interfered with the operation of the court this time. A few jurymen were excused on that account.

STATE ENGINEERS TO REACH US SOON

A letter from the State Commissioner of Roads says his department has two engineering parties at work on the Mayo trail in the Big Sandy valley and that they will reach Lawrence county as soon as possible. He says, if possible, another engineering corps will be sent into this valley soon.

The State department is first trying to meet the requirements of the Federal Aid law, so as to make sure of the funds from that source. As soon as that route is surveyed the engineers can take up the other roads to be built within the county.

OIL SUPPLY IS CAUSING SERIOUS CONSIDERATION

The following is from "Holland," the noted writer on business matters: The oil industry may almost be compared with the steel in significance which it bears to general industrial activities. Some manufacturers of oil, especially of the quality which is available for lubrication purposes, were apprehensive late in the fall that the demand would decrease. Instead of that, it has responded to the increased demand for manufactured commodities of all kinds, and the leaders in the oil lubricating business said that the output of his plant for the first ten days of February was the greatest that that plant ever had experienced. And so it is all along the line.

So great is the present demand for various products of petroleum and so certain is it that the demand will be increased that already some protest is heard about use of fuel oil. Dr. Arthur B. Little, president of the Institute of Chemical Engineers, recently warned of danger to the oil industry which may follow great increase in use of fuel oil. Of course, behind Dr. Little's statement is recognition of the fact that the oil industry is certain to be of unparalleled magnitude by reason of the world's demands. Recently he said that impending exhaustion of the vast petroleum fields of the South furnishes reason for concern in all industries. He was speaking especially of lubrication.

Called Economic Blunder.

A few weeks ago Walter Clark Teagle, who is president of the Standard

Oil Company of New Jersey, said that, according to the best estimates he could make, 10 per cent of all petroleum produced yearly is converted into lubricating oil. According to this estimate, not far from 40,000,000 barrels of lubricating oil were manufactured in 1919.

Dr. Little, who asserts that unless waste be overcome industries of the world will be hampered, says that rapidly increasing use of oil as a fuel really is an economic blunder, and in time to come may be characterized as one of those economic blunders of which so many have been made in the United States.

If the oil, especially that of Texas, Louisiana and possibly Oklahoma and Kansas be conserved, then there will be assured oil products of much higher value and importance than fuel oil for production of lubricants, dyes and especially the synthetic use of gasoline by the new methods which men of science have perfected.

The demand for conservation, which fortunately is being more and more recognized as justifiable, really reflects the opinion that our business, commercial and trade activities are to be increased enormously, but cannot be increased unless there be wise conservation of natural resources.

OIL PRODUCTION OF U. S. IN 1919

Kentucky Among Fields
Gaining in New Record Output.

Oil City, Penn., Feb. 12.—Oil production in the United States during 1919 was 366,255,611 barrels, an increase of more than 24,000,000 barrels over the previous year, according to the annual review of the Oil City Derrick, made public today.

The figures are based on pipe line receipts reported monthly, estimates of pipe line not reported, and estimates of tanker shipments from fields where no regular pipe line service existed.

The 1919 report is a new high record in the annual petroleum output of the United States, according to the review. Fields which showed gains were North Carolina, North Louisiana, Texas, Gulf coast, Kentucky, Wyoming and the Lima districts. Losses were recorded for Kansas, Pennsylvania, West Virginia and Southeastern Ohio.

DEATH OF MISS PAULINE CARTER

News of the death of Miss Pauline Carter, daughter of Mr. and Mrs. G. B. Carter, was received in Louisa last Sunday, causing profound sorrow among the many friends of the family. Only a few had heard of her illness. She was in Bowling Green attending school. About two weeks ago she suffered from tonsillitis and was out of school several days. Her recovery seemed complete and in a letter written home last week she had spoken of how well she felt and of how happy she was in the thought of going soon to accept a position. She was taking a commercial course and was to be a teacher. A fine position had been secured in Nebraska and she was waiting to be called to it. She had asked for two weeks in which to rest before taking up her work and expected to spend the time at her home here. The message granting this came on the day of her death.

On last Wednesday night she had an attack of something like croup, but recovered from it and was in school the next day. She became ill, however, and returned to her boarding house. A physician was summoned and he pronounced her seriously ill with pneumonia. Although difficult to do at that time, a trained nurse was procured and was with her constantly. She was given the best attention in every way.

Messages were at once sent her parents, but they could not be reached until Saturday, some of the telegrams going to Louisville, others to Garrett and to Pikeville. Mr. and Mrs. Carter were with another sick daughter at Big Shoal, a point five miles below Pikeville. They left there Saturday morning, reaching Bowling Green Sunday morning at six o'clock, but their daughter had passed away at 12:30 a. m.

The body was brought to Louisa and funeral service was held on Tuesday afternoon at the M. E. Church. Rev. J. D. Hargard, the pastor, read the 23d Psalm. Rev. J. D. Bell, pastor of the M. E. Church South, offered a prayer, and Rev. John Chapp preached the subject of "Death and Life." The choir rendered good music, one number being a solo by Miss Gladys Atkins.

The church was filled with friends of the family.

The burial took place in Pine Hill (Continued on page 4)

Mrs. E. P. Webb Dies at Fallsburg of Pneumonia

Mrs. Ed. Webb died Tuesday of pneumonia, following influenza. The husband and three small children are left to mourn their great loss. She was a Miss Nunley, a woman of fine character, and one who will be missed by the community.

CONTROL BOARD ASKS LARGE SUMS FOR INSTITUTIONS

Condemns State Plants and
Urges Two Plans, One
Providing Radical
Changes.

Frankfort, Ky., Feb. 12.—It will cost from \$2,789,000 to \$3,480,000 to put the Kentucky State hospitals, prisons and institute for feeble-minded children in proper condition to "conduct them in a manner compatible with the obligations which the great State of Kentucky owes its unfortunate."

This Board of Control declares in a complete expose of the situation revealed by the personal survey made by members of the board.

The institutions are antiquated and expensive of operation as well as lacking in modern arrangement and equipment and safeguards, according to the report.

The larger initial expenditure will be the cheaper for the State in the long run, because of a saving of \$200,000 annually in maintenance, it is declared.

The two sums mentioned represent two alternate plans suggested by the board. The first plan, costing \$2,789,000, contemplates improvement of the institutions as they exist and a total of \$1,284,000 on the Institute for Feeble-minded Children and the farm colony for pauper idiots.

Second More Radical Plan.

The other contemplates abandonment of the reformatory and Institute for Feeble-minded Children here, and conversion of the latter into a female prison. The Eddyville prison would be enlarged to care for all prisoners.

The Eastern and Western State hospitals also would be enlarged to accommodate 2,500 each, so that the central hospital could be used for feeble-minded children.

It is suggested, too, that the property of the Eastern hospital in Lexington might be sold and a new site outside the city be purchased.

Rev. Bernard Spencer Dies of Influenza

The death of Rev. Bernard Spencer occurred on Wednesday of this week at his home at Kermit, W. Va., after a few days' illness with influenza. He had been in declining health the past two or three years and was compelled by illness to give up his work as a minister of the gospel quite a while ago. He moved to Kermit, W. Va., where he and his family were filling the place of toll keeper on the new bridge at that point.

Rev. Spencer was a man of bright mind and high ideals. He was a member of the Western Virginia Conference, M. E. Church South, and within the past ten years had served charges in the Ashland district.

He was the son of Mr. and Mrs. Robt. Spencer, both of whom died several years ago. Up to the time of entering the ministry his home was at Charley, this county, excepting a short time spent in Louisa.

Rev. Spencer leaves a wife and five children. Also, he is survived by three brothers, H. K., of Washington C. H., Ohio, Thomas of Portsmouth, and Dee of Fort Gay, W. Va.

PRESTONSBURG POSTMASTER

Jas. M. Davidson, son of S. P. Davidson, has been appointed postmaster at Prestonsburg to succeed Mrs. Zula Spradlin who resigned. Mrs. Spradlin had held the office since the death of her husband, Jas. H. Spradlin, in 1916. She will return to Bowling Green where her parents live.

A FARM BUREAU ORGANIZED HERE

The Lawrence County Farm Bureau met Saturday, February 14, at 1 p. m., in the office of County Agent Baker. J. G. Dumas, temporary president, presiding, and the following business was transacted:

The organization was made permanent for the year 1920, L. A. Garred was elected president, Lon Hewlett, vice president, J. G. Burns, secretary and J. H. McClure, treasurer. Constitution and by-laws were read and adopted, also the State Farm Bureau Federation constitution was read and adopted.

Then came G. C. Baker, County Agent, and suggested the Grading Scale of Membership Fees which was also adopted and is as follows: Each farmer paying tax on \$2000 worth of property or over shall pay a fee of ten dollars per year. Each farmer paying tax on \$1000 to \$2000 worth of property shall pay a fee of five dollars per year. Each farmer paying on \$1000 worth of property and under, including tenants, shall pay a fee of three dollars per year. This plan is believed by the Bureau to suit our farmers better than ten dollars straight as this will give every farmer a chance to become a member, and participate in the Bureau's activities.

New members were then called for and the following joined and paid a year's fee: L. A. Garred, M. L. Burgess, W. E. Queen, Green Hays, L. E. Pigg, J. M. Pigg, H. H. Stansberry, Meeker Stansberry. Charter members are: J. H. McClure, J. G. Burns, Tom Miller, J. L. Vaughan, Mont See, W. J. Vaughan, Willie Vaughan, Jas. Preston, R. C. Spencer, Lefe Hays.

J. G. Burns was then elected to go to Louisville to represent Lawrence county at the meeting of the State Bureau Federation, in the Seelbach Hotel, February 17-18. He left Monday morning.

W. E. Queen, J. G. Burns and J. L. Vaughan were appointed as a committee by the president to find suitable quarters for office of the Bureau, just as soon as possible.

It was also decided by the Bureau to handle the orders of its members for seeds and fertilizer at cost.

The third Monday of each month was designated by the Bureau as regular meeting date for the executive committee, and as soon as the roads get in better shape a canvass for membership is also planned. The Farm Bureau is to the farmers what the Chamber of Commerce is to the city men. It is here to stay and is growing daily. Join the Farm Bureau.

Meeting was adjourned at 3:30 p. m. The Bureau hopes to receive many volunteer members under the new plan of paying fees. Get on the band wagon and ride. Join the Farm Bureau.

Yours for the Farm Bureau,
J. G. BURNS, Secretary, L.C.F.B.

THE NEW STATE NORMAL SCHOOL

Senator Brig Harris, of this district, is very active in support of the legislation providing for a State Normal School at Louisa, a movement started by G. W. Atkinson. The matter has received considerable attention at the hands of the Legislature within the last week. Mr. Atkinson and others have been to Frankfort pushing the proposition along.

Senator Harris says Lawrence county is like home to him. He taught school in this county in his younger days. He believes the proposition is one of real merit and that Louisa is in every way an ideal location. His heart is in the fight and he is a fighter who never quits as long as there is any chance.

The bill provides for three State Normal Schools instead of the two now in existence. It proposes to change the name of the Richmond school from the Eastern Kentucky Normal to the Central Kentucky Normal, and give the Louisa school the name of the Eastern Kentucky Normal.

KENTUCKY MUST ACT AT ONCE OR LOSE FEDERAL AID

The Courier-Journal gives the following in its report of the American Road Builders meeting in Louisville:

Kentucky's tentative request for \$540,000 of the Federal Government's \$200,000,000 appropriation for national road building will lapse July 1 unless definite arrangements for raising a like amount in the State are completed before that time. Thomas H. McDonald, Bureau of Public Roads, Washington, declared yesterday in his speech before the American Road Builders' Association in Jefferson County Armory.

Mr. McDonald declared Federal authorities were disappointed at the seeming lack of interest on the part of individual States in the Government's plan for building national highways. He said that only \$119,000,000 of the \$200,000,000 appropriated in 1919 had been asked for. The speaker added that the present appropriation would be in force only until 1921, and that he doubted whether Congress would be willing to extend the time.

Questioned in the general discussion which followed, Mr. McDonald declared Congress had been in mind employment for discharged soldiers when it passed the appropriation bill last spring.

The speaker said the Federal Government proposed that its representatives confer with State committees in determining what roads should be built or improved by Government funds.

FATHER OF 21 CHILDREN DIES

Samuel J. Webb died February 18 at his home near Fort Gay, after an illness of only a few days. He was 86 years old and had been in fairly good health until recently. Mr. Webb was a good citizen and had many friends.

He was the father of 21 children and grandfather of 54. A wife and five sons and seven daughters survive him.

Pennsylvania Grade Oil Gets Another Advance

Pittsburgh, Feb. 17.—Fifteen cents per barrel was added today to the price of Pennsylvania crude oil when the market opened here. This brings the price to \$5.65 a barrel, an advance of 65 cents within three months. There was no change in the price of other grades.

The World's Largest Tire Factory Building 30x3, 30x3½ and 31x4-inch Tires

Owners of small cars can enjoy the same high relative value in Goodyear Tires that gives utmost satisfaction to owners of big, costly motor carriages.

They can take advantage of that tremendous amount of equipment, skill and care employed by Goodyear to build tires of extraordinary worth in the 30x3, 30x3½, and 31x4-inch sizes.

They can secure these tires without waiting, despite the enormous demand, because, in addition to its larger sizes, Goodyear builds an average of 20,000 a day in the world's largest tire factory devoted to the three sizes mentioned.

If you own a Ford, Chevrolet, Dort, Maxwell, or any other car using one of these sizes, go to the nearest Goodyear Service Station Dealer for Goodyear Tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure
Fabric, All-Weather Tread..... \$20.00
30x3½ Goodyear Single-Cure
Fabric, Anti-Skid Tread..... \$17.65

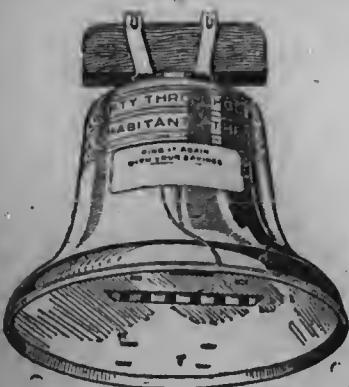

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in water- \$3.90 proof bag.

Glenn M. Ferrell of Manatus, W. Va., visited home folks Thursday last. Fred See, who has employment in Indiana, is visiting home folks at Sun-aywade Farm.

G. G. Peters spent the week-end at home.

J. Crit See, Jr., went Sunday to Ashland to see his nephew, Russell Hawn, who has been very ill with influenza.

Mrs. Laud Holt is recovering from a few days illness of influenza.

Those ill with influenza mentioned in last week's letter are improving.

Mr. and Mrs. Artrip and family and Mrs. W. T. Howe have influenza.

Irvin See returned home Monday from Bluefield, W. Va.

A. C. Ferrell of Manatus, came Monday for a few days visit with home folks.

Misses Vessie and Emma Peters and Joek See were visitors in Louisa Monday.

Miss Briza Peters entertained for dinner Sunday Misses Vessie and Emma Peters and Talmage Wells.

Hugh Holt spent Sunday with Otis Ferrell.

Rev. Reid preached here Saturday night, Sunday and Sunday night. The revival was postponed until later as the weather is so bad and so many cases of influenza in the community.

Our community was grieved to hear of the death of Robert Weddington, son of Mrs. Wm. O'Brien of Covington, who recently moved there from this place. His death occurred on Monday last, caused by pneumonia. Mr. Whitaker of Whitehouse, brother of Mrs. O'Brien, went to Covington and accompanied the remains to Whitehouse Wednesday for burial in the family cemetery. Mrs. O'Brien is seriously ill and does not know of her son's death.

Mr. John Webb died Monday after a few days illness with influenza. Mr. Webb moved to the farm of Mrs. Margaret S. Stump a few months ago. He is the brother of Millard Webb of this place and son of Robert Webb, deceased. He is a highly respected citizen and the bereaved family has the sympathy of their many friends.

ULYSSES

The revival meeting held by Rev. D. A. Hays, H. O. Young and J. D. Borders has been a great success at Walnut Grove. There have been about 30 conversions.

We are sorry to hear of the death of Hazel Borders. She left a few weeks ago and went to Portsmouth to stay with her sister, and while she was there she took the flu and died. She was brought back here for burial the 11th of this month.

We are also sorry to hear of the death of Troy Jones, son of Mr. and Mrs. E. D. Jones of Portsmouth, O.

The flu is raging in our neighborhood again.

Ballard Castle's family all have it but are better. Also, Charley Burton's family and Mrs. A. J. Austin and three of her children.

Minard Jones of Portsmouth, O., is visiting friends at this place.

T. B. Samson of Patrick was visiting relatives here last week.

Miss Susie Debord of Louisa is visiting her grandparents, Mr. and Mrs. Marion Young.

Mrs. Maranda Morrison is visiting relatives at New Thacker, W. Va.

Ereel Borders has returned to his work at Portsmouth.

Zera Borders is here for a short visit.

Miss Martha Ward of Patrick was the dinner guest of Miss Madge Borders Sunday.

Miss Lizzie Edwards was the pleasant over night guest with Miss Lillie Borders Tuesday.

Willie Chaffin and sister, attended church here Friday night.

Rev. W. Williams of Louisa attended church here Friday and Saturday.

Roy Lovell and bride passed up our creek Friday enroute to Lowmansville.

Walter Castle was calling on Miss Lillie M. Borders Sunday.

Willie Burton makes regular trips to Lowmansville yet.

SCIENCE TALKS

A celebrated scientist referring to cod-liver oil said that Nature had given the world "almost a ready-made food".

SCOTT'S EMULSION

is richest Norwegian cod-liver oil, elaborated in a scientific manner, very much as Nature wraps up each globule of butter-fat. Scott's is not unlike cream in consistency, but many assimilate it easier than they do other fats.

Scott's Emulsion is concentrated nourishment that helps keep the body strong. Give it a trial.

The exclusive grade of cod-liver oil used in Scott's Emulsion is the famous "B. & B. Process," made in Norway and refined in our own American Laboratories. It is a guarantee of purity and palatability unsurpassed.

Scott & Bowne, Bloomfield, N. J.

TUSCOLA

In spite of the storm Saturday the stork came to Dennis Itce's and left a fine boy.

Truly it is a bad wind that blows nobody good.

In the autumn of 1918 the great reaper whose name is death swept over our country desolating homes and causing untold woe and misery. At that time we were greatly blessed as the cruel hand of the reaper was staid and our community was spared. But alas! There is hardly a home at this time but what is fighting the grim monster. So far there have been no fatalities but the feeble step and emaciated face show how the struggle has been.

Mr. and Mrs. M. F. Jordan and family are all down with the influenza, one not being able to wait on another. The writer and his wife are attending to their needs and have been for several days.

H. A. Jordan and family have influenza and are fortunate enough to have Elmer Graham of Ashland to nurse them.

J. S. Jordan and family are reported very sick and we have had but one mail since last Wednesday. We are cut off from the world.

M. V. Thompson and family; Rev. Roland Hutchinson and family and hundreds of others are suffering with influenza.

We hear the remark "I would willingly go and help, but I am afraid of catching it."

Any person that would refuse to mitigate suffering, alleviate pain, administer to the unfortunate in a crisis like this is a moral coward and ought to be deported along with the I. W. W's, Bolsheviks, etc.

Let the cold hand of adversity be laid upon them and they would hark wild dogs if the people didn't rush in and care for them.

The Master said "If thine enemy hunger feed him; if he thirst give him drink. And in so doing thou shalt heap coals of fire upon his head."

In last week's NEWS we noticed an article purporting to come from Dennis and signed "Dot." If the bear-eyed liar who wrote it had any regard for the truth we wouldn't mention it, but it was a bundle of lies from the beginning. Dot, charity begins at home.

WHAT LOUISA WANTS TO KNOW

THE ANSWER IS FOUND IN THE STATEMENT OF A LOUISA RESIDENT.

From week to week, from year to year, there have been appearing in these columns statements made by neighbors, which we have all read with great interest, and many of us with great profit. But what we want to know is, do they stand the greatest test of all—the test of time? Here is conclusive evidence on this point from a Louisa woman:

Mrs. R. J. Lewis, Franklin St., says: "For a long time I suffered from annoying kidney ailments. I experimented with a good many remedies but got no relief. Doan's Kidney Pills, however, gave me freedom from those terrible spells of backache. They strengthened my kidneys and bladder and cured all the other symptoms of kidney complaint."

OVER SEVEN YEARS LATER, Mrs. Lewis said: "Ever since Doan's Kidney Pills cured me of backache and other symptoms of kidney complaint, my kidneys have been strong and have acted regularly."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Lewis had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

WEBBVILLE

Literary is going on here now and large crowds attend.

Mrs. E. W. Smith and daughter, who have been visiting relatives in Mount Gay, W. Va., for some time are expected home soon.

Miss Emma Thompson, who has been teaching school at Ashland returned home Monday.

Mrs. Leonard Pralley of Ashland is visiting her parents here, Mr. and Mrs. M. E. Sparks.

Mrs. Leah Shepherd was calling on Mrs. Ruth Smith Saturday afternoon.

Mrs. Sallie Gardner was visiting at Hitchens recently.

We are glad to say there are no cases of influenza in our town at this writing.

Mrs. James E. Smith is contemplating a trip to Hubbardstown soon where she will visit her parents, Mr. and Mrs. Samuel Shepherd.

Let us hear from Hubbardstown.

MEADS BRANCH

W. H. Miller of left fork of Little Blaine near here, has sold his farm to Fredland Blackburn and will move with his family to Columbus, O.

There is lots of flu here, whole families down at a time.

Rev. A. H. Miller had a heavy attack of about five days, but is better now.

T. P. Wagner's family is down except two, Mr. Wagner and one small boy. Ben Miller is staying with them a few days.

J. R. Miller's family is getting about well after nearly three weeks of a hard fight of flu.

Guss Hickman is about to recover over a long and painful spell with his jaw tight raised from a tooth.

Lee Judd contemplates moving with his family to near Williamson, W. Va., where he has employment in a mine.

Levi P. Miller is doing a good business with his store here.

Wesley Judd with his two daughters are up in West Virginia visiting his son, James Judd, near Glenhays.

Liss Klase and Joe Cheek have their grist mill about ready for grinding corn. This mill was very much needed in this community.

There was no Sunday school here last Sunday on account of the flu and cold weather.

There were several from our place attending court at Louisa last week.

Now All You Good Fellows, Come Fill Up Your Pipes

The Velvet tin is twice as big as shown here

If ever men are "Tom" and "Bill" to each other, it's when good pipes are a-going. If ever good pipes go their best, 'tis when Velvet's in the bowl.

For Velvet is a mighty friendly smoke. Kentucky Burley is the leaf that Nature made for pipes. Wholesome and hearty, honest as the day. And Velvet is that same good Burley leaf, brought to mellow middle age.

For eight long seasons Velvet "meditates" in wooden hogsheads, throwing off the rawness of "young" tobacco—truly "ageing in the wood." Out Velvet comes—cool, calm and generous—the tobacco Nature made good, kept good and made better.

Velvet's sweetness is the sweetness of good tobacco, not "put on" like "frosting" on a cake. Its mildness comes from natural ageing, not from having the life baked out. Its fragrance is true tobacco fragrance, not a perfume. And Velvet makes an A Number One cigarette. Roll one.

As good old Velvet Joe says:

"Fill yo' heart with friendly thoughts,
Yo' mouth with friendly smoke—
An' let the old world wag."

GRIFFITH CREEK

Shirley Miller of Ledoclo was here Saturday and Sunday visiting relatives.

Mr. and Mrs. Scott Thompson are the proud parents of a new daughter—Maggie.

The sick of our community are improving.

Gene Hensley, who has been working a tseth, W. Va., for the past month, is home on a visit.

Rex Vaughan was a business visitor in Louisa last Saturday.

J. W. Harris lost a fine horse the other day.

M. T. Preece attended court at Louisa last week.

We understand the Mend Tie Co. is soon to install three mills on the Put-on tract and go into the lumber and tie business on a large scale.

Mrs. J. W. Harris has returned home after a week's visit in Ashland.

The flu is still with us. It seems it is not overlooking anybody.

Uncle Jim Clay, an aged citizen of our neighboring creek Laurel, is very low with dropsy.

Mr. and Mrs. Roy Rice of Olive Hill and Mr. and Mrs. Noah Kelly of Kentertise were here visiting their pa-

rents, Mr. and Mrs. Charley Allen last week.

Lundy Lemaster is an ever Sunday visitor at A. H. Perry's, but the writer believes he is not just going to see Mr. Perry.

SISTER MUTT.

President Wilson induced the railroad men to call off the strike that was threatened for this week. The railroads will be returned by the U. S. government to the owners March 1 and the matter of further increase in wages will have to be settled after that.

The "outs" find it easy to criticize the "ins" of nation and state. Also, they make it their chief business to do so in order to get in. And when they do, the scene changes. They have the same troubles as the other fellows had, and are discredited just as soon. As far as it is possible for the professional politicians to discredit them.

Secretary of State Lansing has resigned as the result of lack of harmony with President Wilson. It is probable that Mr. Lansing's training of a quarter century in the old school of diplomacy where each nation was playing for all it could get has unfitted him for the idealist plan of President Wilson to bring all nations into a league where selfishness and greed shall play a smaller part.

The report made by Gov. Morrow's Board of Control shows that there is not much promise of improvement in the conduct of the prisons and asylums until the State spends three to four millions of dollars on new and improved plants. That fact has been evident for a long time. But where is the money coming from to do this? The fellows who were "seeing things" last fall are now up against grim realities. "It is a condition and not a theory that confronts them." The point of view makes a wonderful difference.

The head of the Anti-saloon League in Kentucky declares emphatically that no movement will be taken up by that organization against tobacco. This report has been persistently circulated by the liquor men to prejudice the people against the League. There may not be much that can be said in favor of the use of tobacco, but it does not cause a man to commit murder or other crimes.

The United States has sold her passenger ships to England because intoxicating liquors could not be sold on our vessels and therefore they "would get no passenger business in competition with lines of foreign countries that sell liquor." Which is equivalent to saying that only the drunkards cross the ocean. We do not believe this is true. Furthermore, we believe the thousands of sober people who make those voyages would patronize the dry vessels in preference to those floating saloons.

The excellent results of prohibition throughout the United States are already strikingly noted in the decrease in crime. Courts have but little to do. Families that formerly suffered for food and clothing are getting the money that formerly went for liquor. Courts should be reduced to the number required, thus saving the expense and making up for loss of liquor revenues. Most of the courts were created to try violations resulting from liquor. It will take some time to choke the officials loose from the useless court jobs, but it must come and the time is here when the subject should be agitated.

A CARD OF THANKS.

We wish through the NEWS to thank all who so kindly assisted us during the sickness and death of our precious darling. All that loving hands could do was most gladly done, but God said "Suffer little children to come unto me and forbid them not." So our little Lea Horne very meekly answered the call and we pray that God may bless all who so willingly cared for her in her illness and assisted in the burial. —Mr. and Mrs. Lewis Pink and sister Opal.

DEATH OF MISS PAULINE CARTER

(Continued from page 1)

cemetery immediately after the funeral service.

Miss Pauline was the youngest daughter of the family, age 24. She has one brother, Clyde, and one sister, Mrs. Carl V. Martin, of Big Shoal. Pauline was converted in the Holcomb meeting in Louisa several years ago and had been a devoted Christian ever since. She was a member of the M. E. Church and was active in church work wherever she went. She taught school in Paintsville and Wayland, and served as emergency Home Demonstration Agent in Johnson county. She was a lovable character, and in her death the ranks of our county's best citizenship suffer a severe loss.

The school at Bowling Green sent the following tribute, which we who knew Miss Carter can fully appreciate and endorse.

A Merited Tribute.

In September, 1919, Miss Pauline Carter, of Louisa, Ky., entered the Bowling Green Business University, a happy, strong, purposeful young woman, twenty-four years of age.

On Sunday morning, February 15, she passed from the Business University to her heavenly home. Probably no student ever attended this institution who was more generously and universally loved than this young lady. She was not only a leader in her classes, but she was a leader in the Big Four Debating Society and in the University generally. She regularly attended services of the Methodist church and occasionally taught in the Sunday school and often led the League.

There was hardly a student in the school who did not know her. Her popularity was based upon actual merit, intellectually and spiritually. About two weeks ago she was stricken with tonsillitis and was out of school about ten days. Her recovery seemed complete, and on Saturday night, a week ago, she attended the Debating Society of which she was Secretary and on Tuesday, Wednesday and Thursday following she was in school. On Thursday afternoon she became slightly ill and by Friday her condition was alarming and the end came about 12:30 Sunday morning at the home of Mr. T. M. Hagan on Kentucky St. She was conscious almost to the end. Within the last hour of her life she requested that the twenty-third Psalm be read to her. This was done by her friends. She said: "I know I am dying and this Psalm is a great comfort and it is all right." She requested that the song, "I Am Clinging Close to Thee," be sung, and Mrs. Pete, who had been helping to care for her, sang it. When she was told that she probably would not live until the arrival of her parents she expressed her regret, but said she was submissive.

Her death was like her life, gentle, peaceful and beautiful. She will be greatly missed in the home where she lived here and by her friends and by the school to which she gave the fullest measure of her interest and loyalty.

She was given every tender care that could be bestowed by a comfortable home, loving friends and an earnest pastor. She was known here as the "White Lily."

BOWLING GREEN BUSINESS UNIVERSITY

By J. L. HARMAN, President.

Another Tribute.

The Bowling Green Daily News published almost a column about Miss Carter's life there and her untimely death. The facts therein are about as stated above and the limitations of space prevent us from copying it this week.

GINGHAM

For the New Spring Frocks---

Featuring an assortment of English Zephyrs in stripes and plaids to match

Costumes in which combinations of two complimentary gingham patterns are employed will be one of the coming season's most popular vogue. No one will dispute the attractiveness of this style of garment, and since it is possible to secure these patterns to match in a good choice of colors, you may exercise your own individuality in designing instead of choosing from a limited number of ready-made garments.

Attractive Combinations

There's a versatile assortment of complementary patterns, such as plain materials for combinations with large checks; stripes with plaids; blacks with stripes, and plaids with stripes. In each combination the color values are the same, while the patterns match perfectly. This is a soft, fine quality of imported gingham and some remarkably stunning costumes may easily be fashioned from it.

Priced Per Yard at \$1.00

Other New Arrivals

27-inch Gingham in colorful plaid designs for 45c.
27-inch Gingham in plaid, striped and plain patterns for 50c.
32-inch Gingham in a good selection of designs for 60c.

How to Prevent Worn Spots

From experience you know just where these spots will occur. They must be prevented. You cannot get rid of them on any kind of floor by touching them up AFTER the spot has appeared—the entire floor must then be done over. On a waxed floor you can PREVENT these worn spots by applying a thin coat of Old English Wax to them once or twice a month and polishing. This is easily and quickly done, and the new wax doesn't show. These spots cannot be touched up with varnish or shellac because the new spots will show. Wax is the only finish that will successfully prevent worn spots. Get a can of Old English today and try it.

INFLUENZA WEAKENS THE BLOOD

Breaks Your Vitality—Leaves You Helpless When Exposed to Other Germs.

THESE ARE DANGEROUS DAYS
If in Doubt About Your Blood Take Pepto-Mangan, Famous Red Blood Builder.

If you are just recovering from a fight with the "flu," it will be weeks before you're really out of danger. Your blood has exhausted its strength—it is in no condition to fight off other disease germs it may be exposed to. That is why doctors advise staying away from crowds as long as possible. You can help your blood get back its strength—its stability to fight off disease—by taking that splendid tonic Pepto-Mangan.
The famous blood builder will supply the iron and other properties your blood lacks and help you regain your old time vigor and enthusiasm.
Get Pepto-Mangan today. It may be had at any drug store in either liquid or tablet form. Make your own choice as to liquid or tablet. They are exactly the same in medicinal value. Take which ever you prefer.
But be sure you get the genuine Pepto-Mangan. Ask for "Gude's" and be sure that the name is on the package.

WEST VIRGINIA ITEMS OF NEWS

Billy Sunday Coming.
Bluefield, Feb. 4.—Rev. W. A. Sunday, who has been holding a "big meeting" at Norfolk for the past several weeks, was visited at that place by a committee from Bland Street Methodist Church, Bluefield, and agreed to fill a date in this city in March, 1921.

Taken To Moundsville.
P. K. Porter, guard at the penitentiary at Moundsville, left Williamson Thursday with the following prisoners who will be confined in the institution for various periods having been sentenced at the last term of court: N. W. Payne, two years; James Campbell, one year; Earl Howard, one year; Jacob Ast, two years; Jas. Carter, two years; Henderson Sloan, two years and Wallace Dillon, five years.

C. A. Ferguson Dies.
Charles A. Ferguson, aged thirty-six of Kenova, passed away following an attack of pneumonia. He is survived by his wife and six children, four of whom are seriously ill with influenza, at the old Ferguson homestead back of Kenova. The burial was in the family cemetery on Sweet Run.

Dr. Mott To Speak.
Dr. John R. Mott, general secretary of the Y. M. C. A., and chairman of the executive committee of the Interchurch World Movement, will speak at the West Virginia pastors' conference at Parkersburg, March 3, 4 and 5.

Williamson Woman Dies.
Mrs. Nancy Goff, forty-five, wife of Tom Goff, died February 13 in Eastern State Hospital, at Lexington, Ky., after an illness of five years. In 1914 Mrs. Goff had a paralytic stroke and since that time had been helpless. She had spent some time in the hospital where she received the best of medical treatment.
She leaves a husband and three children and several brothers and sisters to mourn her death.

Coal Operators Get in Oil Game.
West Virginia coal men recently broke into the McKeesport (Pa.) gas game when a company was formed, headed by W. A. Wilson, T. E. Houston, Thomas Davis, President of the First National Bank of Cincinnati, and other Cincinnati capitalists. The company will test property owned by W. A. Wilson in the McKeesport territory.
Mr. Wilson's property is located a short distance from the heavy gas producers which made the McKeesport field famous. This section of the country requires very deep drilling, most of the wells being drilled about 3000 feet.

A. C. Elswick Dead.
The body of Anthony C. Elswick, 35, was taken to Huntington from Winchester, Ky., where he had passed away, following a severe attack of pneumonia. Elswick had moved to Winchester but two weeks ago from Stone, Ky., where he held the position as chief clerk for the Pond Creek Coal company.
He had left the employ of the coal company, going into the automobile and insurance business in Winchester. He is survived by his wife, formerly Miss Aleta Lloyd of Huntington, and two small children. He also leaves his father, W. J. Elswick, four brothers, Noah and R. H. Elswick of Tazewell county, Va., T. W. Elswick of Huntington and L. B. Elswick of Cincinnati and one sister, Miss Nannie Elswick of Tazewell county, Va. He was buried at Huntington.

No More Corn Suffering

"Gets-It" Never Leaves a Corn On Any Foot For Very Long.

The hurting "pep" goes right out of that corn the moment a few drops of "Gets-It" lands thereon. It is through, and "for keeps."

Corns and "Gets-It" Can't Live Together

You'll have no more pain but will notice the corn getting loose and wobbly. In a day or so, you lift it right off without any feeling. That's the end of the corn and of your troubles. Millions have proved "Gets-It" to be the one and only unfailing, common sense corn remover. Why not you?
"Gets-It" costs but a trifle at any drug store and carries a money-back guarantee. Mfg. by E. Lawrence & Co., Chicago.
Sold in Louisa and recommended as the world's best corn remedy by Louisa Drug Co.

This Medicine Recommended by a Doctor

DR. J. H. WAGNER

Is it beyond a doubt that PE-RU-NA is what you need. PE-RU-NA may be purchased anywhere in tablet or liquid form.

When a doctor uses a medicine himself besides prescribing it to his patients, he must know that it has merit. This is what Dr. J. H. Wagner, a prominent physician of Skato, Kentucky, has to say about Dr. Hartman's well-known remedy, PE-RU-NA: "I have used PE-RU-NA myself for catarrh and have given it to others for catarrh, bloating after eating and other ailments. It has proved a success in all cases with old and young men and women. All speak well of PE-RU-NA. It is the best of all tonics."

Dr. Wagner, out of the fullness of his own personal experience, for the good of all sick and suffering, recommends a medicine which he knows to be good. You may be sure a doctor would not endanger his professional reputation by endorsing PE-RU-NA unless satisfied beyond a doubt of its value.

Whether your trouble be a cough or a cold, or a more subtle catarrhal affection of the stomach, bowels or other organs, give PE-RU-NA a trial. The immediate improvement which you will see will satisfy beyond a doubt that PE-RU-NA is what you need.

Blaine Meade.
Leander Hays spent Tuesday night with his brother, M. A. Hays.
Miss Hattie Hays spent Tuesday night with Emily Hays.
Mr. and Mrs. Elbert Wooten of Portsmouth, Ohio, passed up our way Monday enroute to Blaine.

FARM DEPARTMENT

G. C. BAKER, County Agent

I am glad to announce that I will handle Pure bred S. C. Rhode Island Red eggs, of Utility Standard from culled flocks for the farmers again this year at cost, which will be \$1 per setting, delivered at Louisa for cash. All farmers or farmers' wives please send me your order as early as possible as the eggs are going to be hard to get this year. Just send me the number of settings you want, and when you want them to arrive I will make two orders, one for latter part of March and one for April; early birds are the paying ones, so let's hatch early. I suggest that you get enough eggs to insure the number of birds you want so you can dispose of the ones you have and only keep one breed. I can also get day-old chicks in a few weeks and will be glad to send any one prices on application. Let's standardize our county on Reds and then demand a better price for uniform products.
I should also like to start our strawberry campaign again this spring, and will be glad to hear from all those who wanted to set last year. We can get the plants now, by pooling our orders in one we can save one dollar or more on the thousand. Send me your order at once or drop in and let's talk it over. Let our slogan be "150 thousand plants this spring." Strawberries will pay; try them.

KENTUCKY SAILORS HELD IN RICHMOND, VA., JAIL

Richmond, Va., Feb. 16.—Two Kentucky young men, Kelly Vance and Hermann Winkler, United States navy, residents of Pikeville, Ky., are held here charged with being absent without leave from the naval station at Portsmouth, of destroying property in the county jail and of planning to assault Keeper Johnston in an escape plot. The young men, according to other prisoners in the jail, tore piping from the bath room walls to be used as weapons.

The Best Insurance Against Influenza

Prominent Educator Believes That Vapomenthia Is A Sure Preventive

Dr. R. M. Brame, discoverer of Brame's Vapomenthia Salve, has a letter from C. C. Wright, Superintendent of the Wilkes County, N. C., Public Schools, in which he says: "We have used Brame's Vapomenthia Salve for nearly all the ills for which it is prescribed and have always secured satisfactory results. If used in time it has never failed to break up colds, usually the forerunner of Grippe, Influenza and Pneumonia. I speak from personal observation. I believe if this preparation is used in time it will prevent the development of pneumonia in every instance, if used according to directions."

These strong statements are fully justified by the remarkable recoveries that follow Brame's Vapomenthia Salve is applied freely over the chest and throat and inserted in each nostril six times as much, \$1.20.—Adv.

DRIFT

We are sorry indeed to announce the death of grandma Turner which occurred at this place Tuesday of last week. She was laid to rest on Wednesday evening in the beautiful family cemetery on the little knoll near the residence of her daughter, Mrs. A. L. Martin. She was about 84 years of age and the widow of John Turk Turner, a well known citizen of Floyd Co., who departed this life several years ago. She had been a faithful member of the Regular Baptist church for more than 30 years and died in full triumph of faith in the Lord. She was the mother of 10 children, 4 sons and 6 daughters, 3 boys and one daughter are dead and the others were all present at the time of her death, including her only living son, J. D. Turner of the Agricultural Experimental Station at Lexington, Ky.

She will be greatly missed by the entire community. It is generally said that she had fed more hungry people than any woman in Floyd county as she was a splendid cook and always made it a point to see that no one went away from her home hungry.

May the benevolent angels console themselves with the thoughts that she is now at rest and all strive to meet her where all is peace and joy and no farewell tears are shed.

Grover See is wearing a 2 by 4 smile. It's another boy.

The coal operations in this neighborhood are all doing well considering the scarcity of cars.

The Floyd-Elkhorn people are building several more nice residence houses and have added a nice office room to their store building.

The Black Beaver has started to build half dozen more houses.

Bill Ellis of Ashland is here looking after the Long Branch Coal Co.

Charley Fields has invented a new clothes pin and expects to get a patent on it soon.

When you get
Indigestion

A few tablets of "Pape's Diapiesin" bring relief almost as soon as they reach the stomach.

"Pape's Diapiesin" by neutralizing the acidity of the stomach, instantly relieves the food souring and fermentation which causes the misery-making gases, heartburn, flatulence, fullness, or pain in stomach and intestines.

"Pape's Diapiesin" helps regulate disordered stomachs so favorite foods can be eaten without causing distress. Costs so little at drug stores.

Might As Well Be Happy.

Might as well be happy as the world goes round.

Ain't no use lookin' cross; just shake your frown;

Jest as like as not there's others—Why not treat them all as brothers? Make 'em happy as the world goes round.

Keep 'off the corners as the world goes round;

You may lose your balance in your own home town;

Plan things so's you's always busy, Keep your head straight, don't get dizzy—

Keep a-working as the world turns round.

Keep one eye on heaven as the world goes round;

Never hit another feller when he's down;

When things look about the worse Think up some good Bible verse, God's a list'nin' as the world goes round.

Might as well be happy as the world goes round;

God is in his heaven, and He's lookin' down;

Seems just that would give your back Strength enough to "keep the track"—Keep a-hopin' as the world turns round.

THE MAN WHO WINS.

The man who works and the man who acts.

Who builds on a basis of solid facts; Who doesn't sit down to moan and dream.

Who jumps ahead with the force of steam.

Who hasn't the time to fuss and fret, But gets there every time—you bet.

The man who wins is the man who works.

A smile to cover his burden of cares; Who knows that the sun will shine again.

That clouds will pass, and we need the rain.

Who buckles down to a pile of work And never gives up and never will shrink.

Till the task is done, and the toll is sweet.

While the temples throb with red blood's heat.

The man who wins is the man who climbs.

The ladder of life to the cheery chimneys Of the bells of labor, the bells of toil, spoil.

If he face that shine of the glaring sun.

And works in the light till his task is done;

A human engine with triple beam And a hundred and fifty pounds of steam.

ASPIRIN FOR COLDS

Name "Bayer" is on Genuine Aspirin—say Bayer

Insist on "Bayer Tablets of Aspirin" in a "Bayer package," containing proper directions for Colds, Pain, Headache, Neuralgia, Lumbago, and Rheumatism. Name "Bayer" means genuine Aspirin prescribed by physicians for nineteen years. Handy tin boxes of 12 tablets cost few cents. Aspirin is trade mark of Bayer Manufacture of Monocetio-acidester of Salicylicacid.

It should be carefully fostered. Don't think you can change the trend of the child's nature because it will prove a vain hope. If he wants to be an architect or an electrician better give him a good start now than wait ten or fifteen years and delay his progress.

It sometimes seems that it would be wise to have in our grammar grades a course on the value of an education. If it were made really practical and not merely theoretical it would do no end of good. Show the youngsters just how they are really going to profit by the much-hated grammar and "readin', ritin', n' rithmetick." You know when you were a boy how you hated to study and how useless it all seemed. Then you hated worse than all the men who used to come and make speeches and tell you all about how fortunate you were to be able to get such a fine education, how your grandfathers had to go without such wonderful advantages, etc., etc., ad infinitum. All the time you were envying your lucky grandfathers and wishing you could get out and play ball.

If a practical course could be given on this subject which had a lot of interesting examples and incidents in it, it would be sure to gain the child's attention since he would have to study it. If he could once get thru his cranial the real value of all those hated studies he would see them in a different light and attack them with renewed zeal.

A Remedy For The Blues Devils.

We all have them—the richest, the poorest, the highest and the lowest: Those hated blue devils will come back no matter how we guard against them. And if we treat them well, feed them up with a lot of unhappy thoughts, overwork, lack of sleep and stuffy rooms, they are going to stay. Unless you want them for household pets, get out doors and lose them. The fresh air is the one thing the blue devils are afraid of. Sometimes it takes a half hour or so to walk them off but you'll win out if you stick to it. And when you walk, don't go along with your head down, your hands in your pockets and a frown on your face. Hold your head up and get full value from your exercise. Just try this recipe and see if it doesn't work.

"Something attempted, something done."

Has earned a night's repose." Only the person who each day sets for himself a definite task and accomplishes it can know the real satisfaction in that quotation. If you want to find yourself satisfied with life, set a task for yourself each day and then do it. When you lay your head on the pillow at night you will feel you have earned your rest and it will be much sweeter for the earning.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel, just remember that your druggist sells for a few cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for perfectly harmless and doesn't gripe.

A HAPPY REUNION

By MINNIE DEARBORNE.

Copyright, 1920, by McClure Newspaper Syndicate.

Jack Harding had two hours to wait before his train was due to leave. He was sauntering along with the crowd, when he felt a heavy hand on his shoulder, and turning around, he was exceedingly surprised to greet his old friend and college chum, Dick Harrington. After the usual exclamations and hearty hand-shakes, they proceeded to talk of their college days and business interests. "Excuse me, I had quite forgotten to inquire about Mrs. Jack Harding." Jack blew a puff of smoke into the air, and turning to his friend, said: "Dick, I have never had the pleasure of meeting Mrs. Jack Harding." Dick looked at Jack with a quizzical smile, and a merry twinkle in his dark eyes. "After I heard that Jenn and you were engaged, I expected every day to receive an invitation to the wedding, and for some time I scanned the dailies to see where Jack Harding had succumbed to the charms of the beautiful Miss Jean Wetherbee, only daughter of Hon. and Mrs. Douglas Grant Wetherbee." Dick suddenly closed his retinal, as Jack moved uneasily, and tossing his cigar away, exclaimed with apparent surprise: "Dick, Jenn and I were very happy until her mother decided to take Jean on a European trip for several months. After an absence of four months, which had seemed a lifetime to me, I received word that they were about to return, to which I was looking forward to a happy meeting with Jenn, and vowed nothing would separate us again.

"Further called me into his office one morning and told me I must pack at once and sail for England. It was of the utmost importance. The business had to be attended to at once. Father was not able to make the trip. I was to remain away at least three months, and then go to Paris for several weeks. I tried in vain to persuade father to send Practor, who had been for years in his employ. There was nothing left for me to do but pack and leave on the next boat for Liverpool.

"I had just time to attend to these details and write a hurried note of regret to Jenn's home to be delivered to her on her arrival. I was not so busy but I found time to write every day to Jenn, but all my letters were returned to me unopened. This made me feel very down-hearted, as I had explained everything, if Jenn had only been reasonable and read my letters. It was just five months to a day when I returned to the States.

"It did not take me long to spin in the direction of Jenn's home, only to find she had left the day before on a western trip. I could find out very little from the servants, until one of them came with a package that Jenn had left to be delivered to me. It contained, with other presents, the engagement ring. That was five years ago. I have never seen her or heard from her since."

Jack paused and hastily looking at his watch, exclaimed: "Well, Dick, it has got to be good-by. I have just time to make my train." Dick grasped Jack's arm and with a firm but kindly voice, exclaimed: "Do you suppose I have found you to lose you so soon? You are not going on that train. You are going home with me. I want you to see Elsie again. You know Jenn and Elsie used to be the dearest of friends. I want you to see my new home and how happy we are. I know Elsie will be delighted to meet an old friend," said Dick hurriedly, as he saw Jack was about to decline.

After a few more urgent appeals Jack was convinced. Dick telephoned from his office to Elsie he was to bring home an old friend to dinner.

Dick stopped his car at what Jack thought the most beautiful house on the street. Jack was made to feel right at home by the delightful greeting of Elsie, who came out to meet them, looking up so daintily and fair. Jack thought how fortunate always seemed to smile on his dear old friend, Dick, while he—his thoughts were cut short, as he was being ushered into a large charmingly arranged living room. But who was the woman at the piano in white, a vision of loveliness? Hearing the approaching footsteps and animated voices, the lady turned. Their eyes met. Then voices rang out simultaneously.

Mrs. Elsie made a hurried excuse to return to the culinary department, closely followed by Dick.

In less than six months there was added another beautiful suburban home presided over by Mr. and Mrs. Jack Harding, who are just as happy as the "Harringtons."

One morning a year later Dick meeting Jack on the street, stopped to inquire "How is Mrs. Jack Harding?" Jack, his handsome face wreathed with smiles, joyfully exclaimed: "She is very well and so is Jack, Jr."

Hall Caine's Title.

Sir Hall Caine has written to a Manx paper which had familiarly addressed him as "Sir Thomas." "Thereby going back to the name by which I was known among my old folk when I was a boy."

He wishes to hallmark his name, which stands for forty years of friendship, successes "which have been sweet, and perhaps for some failures that have left no sting."

So he adds: "Please let it be Hall Caine, with or without the prefix."—London Chronicle.

Girls! Your hair needs a little "Danderine"—that's all! When it becomes lifeless, thin or loses its lustre; when ugly dandruff appears, or your hair falls out, a 35-cent bottle of delightful, dependable "Danderine" from any store, will save your hair, and double its beauty. You can have nice, thick hair, too.

CATLETTSBURG

PAINTSVILLE

Bradley, Ky.—We deeply regret to announce the death February 1, at the home of his sister, at Hendersonville, N. C., of Dr. Wallace Bailey, a former resident of Paintsville. He was one of the county's most popular young men, and his death came as a shock to his many relatives and friends, although he had been an invalid for several years. Interment was made in the power cemetery near the home of Henry Cain. Rev. John Prater preached the funeral and the Odd Fellows had charge of the burial. The deceased is survived by his father, Alex. Bailey, three sisters, Mrs. Frank Hackett, Mrs. Smith Brown of Paintsville, and Mrs. Frank Hackett of Hendersonville, N. C., and one brother, James G. Bailey, connected with the diplomatic service in Switzerland.

A Correction.

In our columns last week we had an account of the death of Wendell Webb, who was referred to as the son of Sid Webb instead of Bird Webb.

PROMINENT ASHLAND WOMAN VICTIM OF PNEUMONIA

Mrs. John Hopkins died Wednesday at her home in Ashland after an illness of three days of pneumonia superinduced by influenza. Her husband was just recovering. She was about 30 years of age and before marriage was Miss Lucy Shepherd, of Springfield, Mo. Her parents were returning to their home after a visit to her and were recalled by her critical illness.

Mr. Hopkins is cashier of the Merchants Bank and Trust Company and is one of Ashland's leading citizens.

The Important Thing

In fitting glasses is to correctly diagnose the defects of vision. Without correct diagnosis the proper remedy cannot be determined.

We are not merely merchandizing glasses. We have something for sale besides lenses and mountings—and that something is SERVICE. Our oculist is a registered physician and is prepared to render you the very service indicated by your eye-symptoms.

INCOME TAX MAN.

Elwood Hamilton, Collector of Internal Revenue, is sending his deputies to various parts of the State to assist taxpayers in making out their 1919 income tax returns. The Collector announces that during the period for filing returns, one of his deputies will visit the county seat of each county in the State, and in a few instances, will visit towns other than the county seat.

Collector Hamilton says that these officers are sent out to be of real service to the taxpayers, particularly to those taxpayers who have not before had occasion to make a return.

The officers will be glad to furnish blanks and supply necessary information. Taxpayers are invited to avail themselves of the officers' services.

The income tax man will be in this county on the following dates: February 19, 20 and 27, 1920.

He was a great-grandson of Rev. J. T. Johnson, deceased.

CAIN & NASH.

J. M. Cain, of this place, and C. A. Nash, of Welch, W. Va., have formed a contract company to do railroad and county road work. Mr. Cain has been connected with this kind of work for some time. He will no doubt succeed. His many friends wish him the best of luck.

BOOST

Boost your city, boost your friend. Boost the lodge that you attend. Boost the street on which you're dwelling.

Boost the goods that you are selling. Boost the people 'round about you. They can't get along without you. But success will quicker find them. If they know that you're behind them. Boost for every forward movement. Boost for every new improvement. Boost the man for whom you labor. Boost the stranger—and the neighbor. "Ease to be a chronic knocker. Cease to be a progress blocker. If you'd make your city better. Boost it to the final letter."

INCOME TAX REPORTS BEFORE MARCH 15TH

Remember that all income tax reports must be made by March 15th. There is a severe penalty for failure.

Single men who received as much as \$1000 from any and all sources during 1919 must make a report. Also, all married men receiving \$2000 must report. You are exempted from income tax to the extent of those amounts, and also a married man is allowed \$200 additional exemption for each child under 18. But if the income is \$1000 and \$2000, respectively, a report must be made anyway.

Do not take a chance on "getting by." The Internal Revenue department will have officers in every community to look up all cases of failure to report.

Two revenue officials are now at Louisa for two days to assist those who need help in making out reports.
